## Volleyball

The volleyball team is doing well this year. Their record is 8 wins and 19 losses.

“The best team we have played would have to be Cheney, and the worst team is probably Wichita Independent,” said Coach Leed. “We need to improve on our serve/receive and focus more on our teamwork. My favorite memory of this year would have to have been the game against Wichita Independent. The girls never gave up; they were all excited, and they showed potential as a team.”

## Football

With the record of 0 wins and 6 losses, the football team is trying very hard. The team has scored a total of ten touchdowns this year. “Garden Plain is the most skilled team we have played, and Belle Plaine is the worst. We know how to play, but we just need to figure out how to win. My favorite memory of this season is the opening kickoff against Belle Plaine, where Ryan Bevan scored a touchdown,” said Coach Stewart.

## Cross Country

With just seven runners, the cross country team is doing very well. They have three medalists with a total of ten medals. Coach Hatfield said, “The best meet we have gone to would have to be Oxford, because it was raining and the kids just wanted to leave, so they ran faster. While the worst meet we have gone to is Peabody, even though one person medaled. We as a team need to improve on getting more people out for this sport. My favorite memory of this year so far is going to the team dinners the day before a meet.”

"We very much appreciate Mr. Fleming's generosity. Whatever STUCO decides to do with the money, it will greatly benefit the school and students," STUCO Sponsor Melissa Winter stated.

To Save A Life is a powerful indie movie about an all-star athlete and his girlfriend whose lives spin out of control when he loses a childhood friend. Help comes when he does something unlikely... reaches out to help new friends.

To Save A Life doesn't shy away from tough topics. It deals with social divisions, school violence, cutting, suicide, teen pregnancy and divorce - not in a graphic way, but in a way authentic to too many teens' real lives.
